With over \$17 billion in funds under management, more than 655,000 members and more than 75,000 participating employers, Cbus is one of Australia's largest super funds. Established in 1984, Cbus is the industry superannuation fund for the construction, building, infrastructure and allied industries. It is also a 'public offer' fund, which means that anyone, in any industry, can join. Cbus is also one of Australia's [top performing super funds](#). We are run only to benefit members, have low fees and don't pay commissions to sales agents or financial advisers. Cbus invests back into the construction and building industry, which not only provides strong long term investment returns, but helps to boost our economy and create jobs for members.

New Age Veneers has been a leader in the veneer industry for over 25 years. The company is based in Mount-Kuring, NSW with Sales Managers throughout Australia and New Zealand. The success of the company is largely attributed to their excellent customer service and the ability of the directors to predict emerging trends within the design industry.

This year New Age Veneers has released a range of sustainable panels. These panels have been widely praised by designers and fabricators for filling an existing gap in the design market. The panels are made from materials such as crushed almond and coconut shells, coconut wood, teak and bark off cuts and albasia and rosewood twigs.

When sourcing new products New Age Veneers takes into account colour and environmental trends. It also considers costs and fabricating requirements to ensure that both specifier and fabricator will enjoy working with these products. New Age Veneers mission is to continually supply this industry with exciting new products to inspire their designs. As a result New Age Veneers will soon release a new range to the Australian market.

This new product range will not only inspire designers but allow the fabricator the ease of working with a high end design product. Details will soon be released in regards to this product. If you are looking for something different at an affordable cost please contact your New Age Veneers State Sales Manager.

OUR GOAL

Our goal is to offer every client insurance solutions that deliver:

- The best product at the best price
- Excellent claims service
- Broad policy coverage
- Flexible payment plans
- Risk management strategies

HOW WE DO IT : More than any thing else, GSK exists to service its clients. We are a people company and all that we do is directed towards building strong relationships by providing prompt, professional and caring advice to our clientele. Our aim is to deliver the best products at the best price with our client's best interest in mind.

SERVICE : GSK's commitment to its clients is to provide the best service possible, at a standard superior to our competition. Our good name has been built on service we provide and we regard it as one of our most important assets.

Professionalism : We are members of Steadfast. Steadfast is Australia's largest broking group with 400 offices nationally and provides GSK with access to specialised and exclusive products. GSK abides by a written Code of Conduct and we strive for high ethical standards. We have a structured Internal Disputes Procedures and also participate in the industry external disputes facility.

Staff : Our staff, both technical and executives are dedicated professionals who evaluate the insurability of exposures according to the company's comprehensive guidelines and standards. In-house and external training programmes ensure that we continue to keep abreast of legislation, products and markets.

To find out more about what we can do for your company, contact our Client Solutions Team on 08 9478 1933 and ask for Shayne, Peter or Amanda. You can visit our website at www.gskinsurance.com.au.

Construction Skills Queensland (CSQ) is an industry led body supporting employers, workers, apprentices and career seekers in the building and construction industry. CSQ provides the industry with support, information, advice and funding assistance through a central point of contact. The organisation is focused on retaining existing skills, up-skilling current employees and attracting new faces to ensure the future supply of skills and ongoing development of the industry. CSQ has 11 regional teams throughout Queensland, comprising Industry Support Officers, Apprentice Support Officers and Industry Engagement Officers. The teams work on the ground and understand the unique challenges faced by their local industry. A major area of focus for CSQ is future skills investment. Working with owners and major contractors, associations, career seekers, teachers and trainers, CSQ is BUILDING SUCCESS in the industry.

For further information please visit www.csq.org.au or contact us on 1800 798 488.

Lumley Insurance aims to be the intermediated insurance specialist, and helps licensed insurance brokers deliver tailored general insurance solutions to individual, SME and corporate clients. Lumley Insurance has operated in Australia for over 60 years and in 2003 was acquired by Wesfarmers Limited, the largest diversified company in Australia with revenues over \$50 billion and a market capitalisation around \$30 billion. Lumley Insurance is now one of the distribution channels of the Wesfarmers Insurance Australian Underwriting operations, and is a trading name of Wesfarmers General Insurance Limited, Australia's fifth largest general insurer. Today we have a well established presence in the Australian insurance market and provide tailored general insurance solutions to more than 600 brokerages. Lumley Insurance now employs more than 850 people across 14 office locations around the country. Our philosophy is to be the insurer of choice by being specialised and local. Specialised because we operate in classes of insurance where we have substantial depth of knowledge. Local because we operate offices in each state, meaning we always have a local team who know and can meet our local customers.

We primarily offer commercial insurance, and operate in the below product lines:

- Motor
- Property
- Casualty
- Engineering
- Specialty Lines – including Marine, Accident & Health, Intermediated Personal Lines, Rural, Commercial Packages and WA Workers Compensation.

Why Do Shop Fitters Trust Us With Their Signs?

Well when we asked them, we discovered something really interesting and much to our surprise it wasn't because:

- .. we're meticulous planners to get the right designs, sizes and approvals so we can turn your job around fast
- .. we're the specialists in retail shop signage
- .. we've been creating quality bulkhead signs and internal graphics for years
- .. we take painstaking efforts to make custom packaging for each sign so it arrives in one piece – it doesn't matter if it's going down the road or across the other side of the country
- .. we have a team on the production floor that are absolutely anal about the fine details
- .. we go the extra mile to prepare our signs ready for you to mount or hang straight out of the box
- .. we have the best routers, digital printer, spray booth, laminators and laser vinyl cutters all under one roof
- .. we meet their deadlines to make them look good to score brownie points with their client
- .. our graphic designer has impeccable style and creativity

Nope, the answer they gave us was really quite simple:

Benga Designs get shop signs done right the first time, on time, every time.

Call Danny to experience the Benga Design difference (07) 3352 6972.

Let's just get Benga Designs to do the signs coz I need it done right the first time!

A green speech bubble containing a testimonial in a casual, handwritten-style font.
